INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF ADVANCED PETROCHEMICAL COMPANY (A SAUDI JOINT STOCK COMPANY)

Introduction:

We have reviewed the accompanying interim condensed consolidated statement of financial position of Advanced Petrochemical Company ("the Company"), a Saudi Joint Stock Company, and its subsidiaries (collectively referred to as "the Group") as at 30 September 2022, and the related interim condensed consolidated statements of profit or loss and comprehensive income for the three-month and nine-month periods ended 30 September 2022 and related interim condensed consolidated statements of changes in equity and cash flows for the nine-month period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements.

Scope of Review:

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion:

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects in accordance with IAS 34 endorsed in the Kingdom of Saudi Arabia.

1. CORPORATE INFORMATION

Advanced Petrochemical Company (the "Company" or the "Parent Company") is a Saudi joint stock company registered in Dammam city, Kingdom of Saudi Arabia under commercial registration number 2050049604 dated 27 Sha'ban, 1426H (corresponding to 1 October 2005). The paid-up share capital of the Company is SR 2,600,000,000 divided into 260,000,000 shares of SR 10 each.

During the Company's extraordinary General Assembly meeting held on 17 Sha'aban 1443H (corresponding to 20 March 2022), an increase in share capital by 20.11% was approved by the shareholders by way of issuance of one bonus share for every 5 shares held by the existing shareholders. The increase in share capital was funded by way of capitalising retained earnings and statutory reserve of the Company. The number of shares increased from Two Hundred Sixteen Million Four Hundred Seventy Three Thousand Four Hundred (216,473,400) shares to Two Hundred Sixty Million (260,000,000) shares. The earning per share (note 14) for the comparative period has been adjusted retrospectively to reflect the treatment of effect of issuance of bonus shares as required by the relevant accounting standard. The legal formalities relating to the above capital increase are completed during the period.

Further, the shareholders have also approved the purchase of Company's own shares, with a maximum of (1,500,000) shares, for the purpose of allocating them to the Company's employees within the Employees Share Incentive Program, provided that the purchase of these shares to be financed through the Company's own resources. Further, to authorize the Board of Directors (or whomever it delegates) to complete the purchase within (12 months) from the date of the extraordinary general assembly's approval, and to determine the terms of the program and its implementation, including determination of the allocation for consideration or not, and to be kept no longer than (10) years from the date of approval as a maximum until the shares are allocated to eligible employees. Upon the end of mentioned period, the Company will follow the rules and procedures stipulated in the relevant laws and regulations.

In accordance with the Company's By-Laws, the General Assembly can establish a general reserve as an appropriation of retained earnings. This general reserve can be increased or decreased by a resolution of the shareholders. During the Company's extraordinary General Assembly meeting held on 1 Rabi Al-Awwal 1444H (corresponding to 27 September 2022), a transfer of general reserve balance amounting to SR 81.54 million to retained earnings was approved by the shareholders.

The interim condensed consolidated financial statements as at 30 September 2022 include the financial statements of the Company and its following subsidiaries (collectively referred to as the "Group"):

1. CORPORATE INFORMATION (Continued)

The Group is licensed to engaged in production and selling Polypropylene, Polysilicon and Polysilicon downstream products which includes Photovoltaic cells and Photovoltaic, and establishing, operating and investing in industrial projects including petrochemical, chemical, basic and conversion industries and industries relating to renewable energy both within and outside the Kingdom of Saudi Arabia.

2. BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE

These interim condensed consolidated financial statements have been prepared using historical cost convention except for equity investments at fair value through other comprehensive income ("FVOCI") and investments at fair value through profit or loss which are measured at fair value. These interim condensed consolidated financial statements are prepared in Saudi Riyals, which is both the functional and presentation currency of the Group. These interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") as endorsed by Saudi Organization for Chartered and Professional Accountant ("SOCPA") in the Kingdom of Saudi Arabia.

These interim condensed consolidated financial statements include all the disclosures required for interim condensed consolidated financial statements but do not include all of the disclosures required for the consolidated annual financial statements and should therefore be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2021.

An interim period is considered an integral part of the whole fiscal year, however, the results of operations for the interim period may not be a fair indication of the results of the full year operations.

These interim condensed consolidated financial statements of the Group were approved on 29 Rabi Al-Awwal 1444H (corresponding to 25 October 2022).

Basis of consolidation

These interim condensed consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at 30 September 2022. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the statement of comprehensive income from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the shareholders of the Group to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it derecognizes the related assets (including goodwill), liabilities, non-controlling interest and other components of equity, while any resultant gain or loss is recognized in profit or loss. Any investment retained is recognized at fair value.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in preparing the Group's annual consolidated financial statements for the year ended 31 December 2021.

Share-based payments

Equity-settled transactions

The cost of equity-settled transactions with employees is measured by reference to the fair value at the date on which they are granted. Grant date is the date at which the Group and an employee agree to a share-based payment arrangement, being when the Group and the counterparty have a shared understanding of the terms and conditions of the arrangement. The cost of equity-settled transactions is recognized in employee benefits expenses together with a corresponding increase in equity as a share-based payment reserve, over the period in which the performance and/or service conditions are fulfilled, ending on the date on which the relevant employees become fully entitled to the award ('the vesting date'). The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The charge or credit in the interim condensed consolidated statement of profit or loss for a period represents the movement in cumulative expense recognised as at the beginning and end of that period.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions. No expense is recognised for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

In cases where an award is forfeited (i.e. when the vesting conditions relating to an award are not satisfied), the Group reverses the expense relating to such awards previously recognised in the interim condensed consolidated statement of profit or loss. Where an equity-settled award is cancelled (other than forfeiture), it is treated as if it vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately.

Treasury shares

Own equity instruments that are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in the interim condensed consolidated statement of profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in the share premium.

4. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Group's interim condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and accompanying disclosures, and the disclosure of contingent liabilities. The accounting estimates and assumptions used in the preparation of these interim condensed consolidated financial statements are consistent with those used in the preparation of the annual consolidated financial statements of the Group for the year ended 31 December 2021.

5. NEW AND AMENDED STANDARDS AND INTERPRETATIONS

Several amendments and interpretations apply for the first time in 2022, but do not have an impact on the interim condensed consolidated financial statements of the Group.

6.a) Share-based payment reserve

On 20 March 2022, the shareholders in Extra Ordinary General Assembly meeting approved and authorized the Board of Directors to finalize the Employee Share Incentive Program (ESIP) for eligible employees; payable after completion of fouryear service subject to other performance conditions. On 28 March 2022, The Board authorized the Nomination & Remuneration (N&RC) Committee to finalize and approve the ESIP, following which the N&RC approved the same via circulation on 12 April 2022. The plan was granted to eligible employees retroactive from 1 January 2022.

The Group offers Employee Share Incentive Program (ESIP), to certain eligible employees and the purpose of the scheme is to incentivize the employees to achieve the Group's long term goals and to attract and retain top performers. The plan vests over a period of a four years performance cycle.

Under Employee Share Incentive Program, shares of the Group are granted to employees with more than 12 months' service which will be equals to the monetary amount of the reward or bonus that has vested over the four years. The exercise price of the share options is equal to the market price of the underlying shares on the date of grant. The share options vest if and when the employees remain employed with the Group for next four years and achieve satisfactory performance in their provision of employment services. The share options granted will not vest if the service and performance conditions are not met. The ESIP scheme is supervised by (N&RC) after the ESIP scheme has been approved by the Board of Directors.

The total ESIP expense recognised for employees' services received is included in the 'salaries and employee related expenses' with a corresponding increase in the statement of changes in equity, as per the requirements of International Financial Reporting Standard (IFRS) 2 'Share Based Payments'. Accordingly, the Group recognised a share-based payment expense amounting to SR 5.26 million in the interim condensed consolidated statement of profit or loss with corresponding increase in the interim condensed statement of changes in equity.

7. INVESTMENT IN AN ASSOCIATE

The movement in the investment in an associate was as follows:

In May 2016, completed housing units were distributed to direct hire Saudi employees under a long term repayment agreement in Phase-I. Further, in July 2019, additional completed housing units were distributed in Phase-II. During 2020, remaining completed housing units were also distributed to employees related to Phase-II. The employees pay 17% of their monthly basic salary in addition to their housing allowance which is being applied as loan repayment/installment until the total HOP loan is fully repaid. As at reporting date, SR 217.7 million represents non-current portion and SR 17 million represents current portion presented under prepayments and other current assets.

9. BORROWINGS

9.a) SIDF LOAN

During the period, the Group obtained a term loan facility from Saudi Industrial Development Fund ("SIDF") with total amount of SR 3 billion to finance the construction of new PDH and PP Project. Up-front and annual administrative fees are charged by SIDF under the loan agreement. As at 30 September 2022, an amount of SR 749 million is utilized by the Group from the above loan facility. The loan is commission free but carries fees which will be amortized as finance cost using the effective interest rate after the commencement of commercial operations. The loan is secured by a mortgage over the property, plant and equipment of APOC ("a subsidiary") and by promissory notes. The loan is payable in 16 unequal semi-annual instalments, with first instalment payable on 15 Safar 1448H (corresponding to 29 July 2026). The facility agreement with SIDF contains certain covenants, which requires among other things, certain financial ratios to be maintained.

9.b) ISLAMIC LOAN FACILITIES

During the period ended 30 September 2022, APOC ("a subsidiary") obtained multiple Islamic loan facilities with a consortium of financial institutions with total amount of SR 6.1 billion to finance the construction of new PDH, PP and IPA plants. These loans are secured by promissory notes and Debt Service Undertaking of USD 250 million from the Parent Company and carry a commission which commensurate with prevailing commercial rates which are mainly SIBOR based plus agreed margins. These loans are repayable in unequal semi-annual installments and maturities of these facilities are based on their respective repayment schedules spread up to 2035. These loan agreements include covenants to maintain certain financial ratios during the loans period.

As at 30 September 2022, no amount is withdrawn from the above loan facilities.

13. SEGMENT INFORMATION

A segment is a distinguishable component of the Group that is engaged in providing products or services (a business segment) or in providing products or services within a particular economic environment (a geographic segment), which is subject to risks and rewards that are different from those of other segments.

The Group's management is of the view that all activities and operations of the Group comprise of a single operating segment for the purpose of decision making with respect to performance appraisal and resources allocation.

Substantial portion of the Group's sales are made to the marketers and Group's operations are related to one operating segment. Accordingly, segmental analysis by geographical and operating segment has not been presented.

Operating assets of the Group are located in the KSA. The sales are geographically distributed between domestic sales in the Kingdom representing 7% of the total sales and overseas sales representing 93% of the total sales.

14. EARNINGS PER SHARE

Basic earnings per share amounts are calculated by dividing profit for the period attributable to ordinary equity holders of the Parent Company by the weighted average number of ordinary shares during the period.

The earnings per share for the comparative period has been adjusted retrospectively as explained in note 1.

The following reflects the income and share data used in the basic and diluted earnings per share computations:
